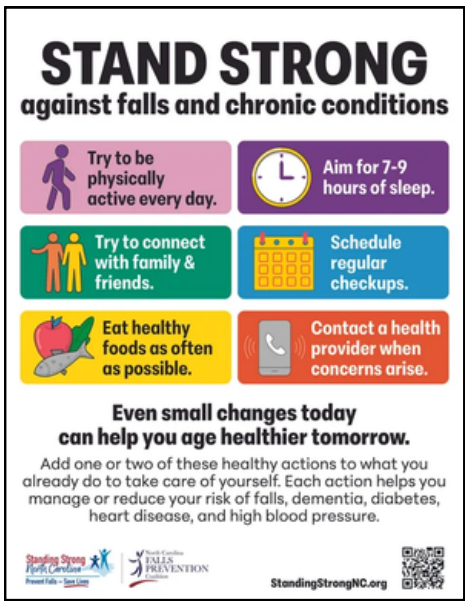
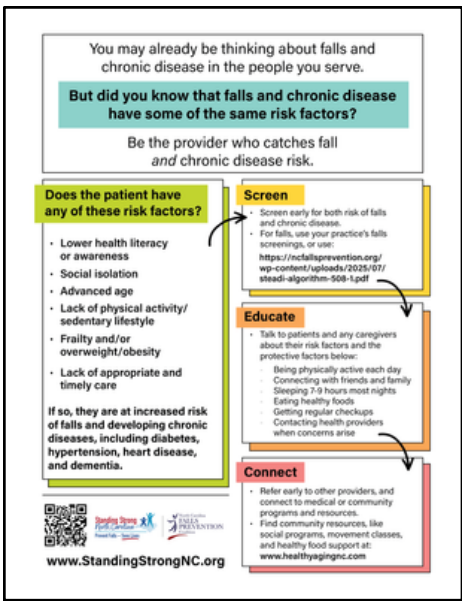
2025 NC FALLS PREVENTION COALITION ACCOMPLISHMENTS

Standing Strong North Carolina
Prevent Falls – Save Lives





FALLS AND CHRONIC DISEASE PREVENTION

The coalition created and disseminated two new flyers (pictured above) to educate about shared risk and protective factors for falls and chronic conditions. One is for older adults which includes six tips for how to make small health conscious choices to live a healthier life. The other is for healthcare providers as a helpful tool for how to address risk factors in their patients through screening, education, and connection to resources.

NEW COUNTY CHAMPIONS

We continued our regional approach to recruiting new county champions and regional coalitions. This year we have 15 new counties connected through regional coalitions, to reach a grand total of 93 of our 100 counties involved in falls prevention!

FALLS PREVENTION CONFERENCE

The conference welcomed 90 participants to discuss topics related to the theme of High- and Low-Tech Approaches to Falls Prevention.

NEW PARTNERSHIPS

The final year of our action plan brought us new partners who joined the work to prevent falls. This year we also welcomed the NC Academy of Family Physicians, Albemarle Commission Area Agency on Aging, Carolina East Rehabilitation Hospital, NC Retired Government Employees Association, 55+ Senior Home Life Show, and more!
